PHILADELPHIA, *March* 29.

Saturday, March 24, 1764. P. M.

THE House taking into their Consideration the present unhappy State of the public Affairs of this Province, came to the following Resolutions, *viz.*

Resolved, N. C. D. That it is the Opinion of this House, that the Proprietaries of this Province, after having delegated their Powers of Government, can be justly or legally considered in no other Light than as private Owners of Property, without the least Share or constitutional Power of Legislature whatsoever.

Resolved, N. C. D. That the Obstructions and Delays the Measures of the Crown have so repeatedly met with in this Province, during the late War, were solely owing to Proprietary Instructions, respecting the private Interest of the Proprietaries.

Resolved, N. C. D. That all the Mischiefs to the Province which the Governor mentions in his late Messages, as occasioned by those Obstructions, are therefore chargeable wholly to the Proprietaries.

Resolved, N. C. D. That it is high Presumption in any Subject to interfere between the Crown and the People; and by his private Instructions to a Deputy-Governor, enforced by penal Bonds, prevent the Crown's Receiving, and the People's Granting, the Supplies required, and necessary for the Defence of this His Majesty's Province.

Resolved, N. C. D. That it has appeared fully to the Assemblies of this Province, on due Enquiry made, that no Injustice has been done the Proprietaries in the Taxation of their Estates, and that not the least Cause has been given them to apprehend any such Injustice.

Resolved, N. C. D. That the Assemblies of Pennsylvania have in many Instances, and for a long Course of Years, shown their affectionate Regard for the Proprietary Family; that Family and its Deputies having received, from the mere Benevolence of the People, within these last Forty Years, near Fourscore Thousand Pounds.

Resolved, N. C. D. That in Return for this Goodness of the People of Pennsylvania, the present Proprietaries have, ever since their Accession, been endeavouring to diminish and annihilate the Privileges granted by their honourable Father to encourage the Settlement of the Province.

Resolved, N. C. D. That from an Attachment to Proprietary Interest, and to encrease the Revenue of their Deputies arising from Licences, the Benevolence of the People in granting the same has been grossly abused, and Public Houses and Dram Shops have been encreased to an enormous Degree, to the great Corruption of Morals in the Populice, and Scandal of the Government; and that from the same Causes, reasonable Bills presented to Proprietary Governors, for restraining or preventing this Evil, have been from time to time refused.

Resolved, N. C. D. That after Indian Purchases made by the Proprietaries, their causing to be located and surveyed the best Tracts of Land for themselves and their Dependants, to lie waste in great Quantities for a future Market, is the Cause that our Frontiers are so thinly and scatteringly settled, whereby the poor Inhabitants there have been rendered less able to defend themselves, and exposed a more easy Prey to the small skulking Parties of the Enemy.

Resolved, N. C. D. That the Proprietaries having a Monopoly of the Lands of this Province, is enabled thereby to hold up the vacant unlocated Lands at exorbitant Prices, and the more as they pay no Quitrent but a small Acknowledgment only to the Crown, pay no Taxes for those Lands, and are under no Obligation of settling them in any limited Time.

Resolved, N. C. D. That their exorbitant Demands in the Price of Lands, have driven many Thousands of Families out of this Province into Maryland, Virginia, North and South Carolina, where Lands are to be had reasonably; the Frontiers of all those Provinces being chiefly settled with People from Pennsylvania, who likewise carried away with them great Sums of Money, and thereby this Province has been doubly weakened, by the Loss of People to defend it, and of Substance and Improvements taxable towards its Defence.

Resolved, N. C. D. That it was therefore the more unreasonable in the Proprietaries, to contend, as they have done, first that they should not be taxed at all; then that their Quitrents should not be taxed; then that their located uncultivated Lands should be exempted; and put the Province to great Expence in getting those Points decided against them at home; while their Estate was equally to be defended with others, and the Province, on whom they would throw the Burthen, was at the same time so greatly weakened by Proprietary Avarice only.

Resolved, N. C. D. That the present Proprietary Demand of having the *best* and *most valuable* of their located uncultivated Lands rated and assessed *no higher* than the *worst* and *least valuable* of the located uncultivated Lands belonging to the Inhabitants, is equally unreasonable and unjust with any of their former Claims.

Resolved, N. C. D. That the Proprietaries taking Advantage of Times of Public Calamity, to extort Privileges from the People, or enforce Claims against them, with the Knife of Savages at their Throat, not permitting them to raise Money for their Defence, unless the Proprietray arbitrary Will and Pleasure is complied with, is a Practice dishonourable, unjust, tyrannical and inhuman.

Resolved, N. C. D. That the Proprietaries contending for the Power of appointing Judges, during *their Pleasure*, who are to determine in all Causes between the Proprietaries and their Tenants the Inhabitants of the Province, is unjust, renders the Liberties and Properties of the Subject precarious and dependent on the Proprietary Will and Pleasure, and is by no Colour of Reason supportable.

Resolved, N. C. D. That the bad Light this Province unhappily stands in with our gracious Sovereign and His Ministers, has been owing to Proprietary Misrepresentations and Calumnies.

Resolved, N. C. D. That it is the Opinion of this House, that the late Militia Bill offered to the Governor, was equal and just with regard to the Freemen of the Province, and sufficient for all good Purposes. And that the sole Appointment of the Officers, insisted on by the Governor, however willing the House might be to comply with the same under a Royal Government, would be an Addition to the Proprietary Power, that by no Means can be safely trusted by the People in their Hands.

Resolved, N. C. D. That the Fines proposed by the Governor for Offences in the Militia, are enormously high, and calculated to enslave the good People of this Province.

Resolved, N. C. D. That the Power insisted on by the Governor, of marching any Number of the Militia to any Part of the Province, and keeping them there during any time, at Pleasure, without the Advice and Consent of the Commissioners, who are to pay them, is a Power that may be used so as greatly and unnecessarily to harrass the Freemen of the Province, and cannot safely be trusted in the Hands of a Proprietary Governor.

Resolved, N. C. D. That Courts martial proposed in the Governor's Amendments to the Militia Bill, to be held by Officers of the sole Appointment of a Proprietary Governor, with Power of Life and Death over the Inhabitants of the Province, may be used greatly to their Prejudice, as a destructive Engine of Proprietary Power.

Resolved, N. C. D. That the House, in the present Supply Bill, from a dutiful Respect to the Judgment of their Lordships of the Privy Council, and an earnest Desire of promoting His Majesty's Measures, wisely concerted for the Protection of this Province, have fully complied with the same. And that the Sense in which some of the Articles of their Lordships Report is understood and explained by the Governor, is inconsistent with Reason and Justice, and what therefore their Lordships cannot be supposed ever to have meant or intended.

Resolved, N. C. D. That it is the Opinion of this House, that the Governor's Rejecting the said Bill does not arise from its not being conformable to that Report, but because it is not formed agreeable to Proprietary Instructions.

Resolved, N. C. D. That the House having fully complied with their Duty to His Majesty, and the good People of this Province, in offering an equitable Supply Bill to the Governor for his Assent, all the Distresses and Mischiefs that shall happen on the Failure of the said Bill, are justly imputable to an undue Influence of the Proprietary Interest and Instructions on the Governor.

Resolved, N. C. D. That the sole executive Powers of Government, being in the Hands of the Proprietaries, together with the very extensive and growing Power arising naturally from their vast and daily increasing Property, must in future times, according to the natural Course of human Affairs, render them absolute, and become as dangerous to the Prerogatives and Government of the Crown, as to the Liberties of the People.

Resolved, N. C. D. That it is therefore the Opinion of this House, that the Powers of Government ought in all good Policy to be separated from the Power attending that immense Property, and lodged, where only it can be properly and safely lodged, in the Hands of the Crown.

And, as all Hope of any Degree of Happiness under the Proprietary Government, is, in our Opinion, now at an End,

Resolved, N. C. D. That this House will adjourn, in order to consult their Constituents, whether an humble Address should be drawn up, and transmitted to His Majesty, praying that he would be graciously pleased to take the People of this Province under His immediate Protection and Government; by compleating the Agreement heretofore made with the first Proprietor for the Sale of the Government to the Crown, or otherwise as to His Wisdom and Goodness shall seem meet.

Ordered, That the foregoing Resolves be made public.

The following is the Substance of some Advices received from Carlisle since our last, viz. "That on Monday, the Nineteenth Instant, the Indians carried off five of our People from within nine Miles of Shippensburgh, and not one Man through the Body: That the Number of the Enemy was not certainly known, but Eleven were seen at the House the People were taken from, said to be one Adam Sims's: That about 100 Men went immediately out in Pursuit of the Savages, and had returned without overtaking them, but that a Party of 30 Men was still after them from the Path Valley: That the Houses of John Stewart, Adam Sims, James M'Cammon, William Baird, James Kelly, Stephen Caldwell, and John Boyd, were burnt.—And it is said that all those People had threshed out their Grain, and put it up in their Houses, in order to send further down among the Inhabitants, in case of Danger, but was all lost.—The Person that brought the above Intelligence to Carlisle, we are informed, had seven Shot fired at him, one of which lodged in his Horse's Shoulder."

NEW-YORK, *March* 26.

Yesterday Afternoon came to Town, under a proper Guard, Fourteen of the Indians lately taken by the Party sent out by Sir William Johnson, as lately mentioned in our Paper. They were as properly taken Care of by being lodged, and closely confined in separate Apartments in our New Goal, with Iron (instead of Leather) Moccasins at their Heels; at which they gave a very sneering and insulting Cast of the Features.—The most Famous Capt. Bull (Tidyuscung's Son) is one among the Tribe of Yellow Boys. He has confessed the killing and scalping Abundance of our back Inhabitants.

Last week Mr. Thomas Brunton, his Wife, and three of four more of his Family, in this City, were like to have been poisoned by eating the Root of Pooke instead of Horse Raddish; but by having immediate Recourse to a Physician, they are now all recovered.

Saturday last Capt. *Lee*, arrived here from Bermuda, being beat off this Coast in January last, with him came Passenger, Capt. Prince, late of the Snow Lamb, of this Port, by whom we have the following Account of the Loss of the said Vessel, viz. That he sailed from this Place the 17th Day of January last, bound for the Island of Cayenne, and that at 6 o'Clock P. M. of the same Day, upon trying his Pumps, he perceived his

Veſſel had made much Water, which he imagined was by Reaſon of her not being pumped for ſome Time before; and that the next Day he was obliged to pump every Half Hour, having then good Weather; but on the 21ſt following, having a freſh Gale, he was obliged to keep one Pump conſtantly going, and on the 25th, having a very hard Gale, he was forced to lay to, and by the Violence of the Sea and Wind, loſt two Mainſails, and one Sea carried away his Boat and one of his Ruff-Trees, when he expected every Moment to founder, both Pumps being conſtantly at Work; and they getting choak'd with Coals, there was often three Feet Water in the Hold. On the 27th, he ſaw two Sail, and ſoon came up with one of them, which proved to be a Snow from South-Carolina, bound for Cowes, but ſhe having been in the ſaid Gale, and received conſiderable Damage therein, could give Captain Prince no Aſſiſtance. The 29th, in Lat. 35, 30, Lon. 59, 16, in a violent Gale of Wind, one of his Pumps being broke, and the other choaked with Coals, he cut away his Maſts and Bowſprit, in Order to make a Raft (his Boat being gone) if poſſible, to ſave his Life and that of his Crew; but on the 7th of February, at 6 P. M. he had the good Fortune to fall in with a Sloop from South Carolina, Ingham, Maſter, bound for Bermuda, who took him with all his People, (but one that died with the Fatigue) on board, and carried them ſafe to the ſaid Iſland. The Veſſel when Captain Prince left her, had 4 Feet Water in her Hold, and he imagined ſhe could not ſwim many Hours longer.

ANNAPOLIS, *April* 5.

We are informed by Mr. *Michael Creſap*, from *Frederick* County, that on Monday the 26th of *March*, *George Dobſon* was Shot and Scalp'd in Sight of Fort *Bedford*, and Three other Men are Miſſing, and ſuppos'd to be Kill'd or Taken. An Expreſs going from Fort *Loudoun* to Fort *Bedford*, with Orders from the General, was purſued by *Indians* on Horſe-back, who Fir'd at him Twice, and had almoſt overtaken him, but he quitted his Horſe and Gun, and got ſafe to the Fort, being favor'd with the Night.

Tueſday laſt arrived here from *Cork*, after a long Paſſage, the Snow *Peace*, Capt. *Pearſon*.

We had here Yeſterday about Two o'Clock, a remarkable hard Shower of Hail, which continued about 12 Minutes; the Hail-Stones being in general about the Size of large Hazle-Nuts.

Since our laſt arrived in *Patuxent* from *London*, the Ship *Eliſabeth*, Capt. *John Johnſon*, having had a very good Paſſage; but we have not yet been ſo fortunate as to procure any of the *Engliſh* Papers brought in by him, except THE LONDON EVENING-POST of the 26th and 28th of *January*, which we have juſt receiv'd. By them we find, that his Serene Highneſs the Hereditary Prince of *Brunſwick*, was Married to her Royal Highneſs the Princeſs AUGUSTA, and that they ſoon after left *England*. In thoſe Papers there is no mention of the Expulſion of Mr. *Wilkes*; but there is an Account, that on the 24th of *January*, ANTHONY BACON, Eſq; a *Virginia* Merchant, was Choſen a Member of Parliament for the Borough of *Ayleſbury*, in the Room of *John Wilkes*, Eſq; without Oppoſition.

We have not yet been able to obtain a Liſt of the Arrivals brought by Capt. *Johnſon*, but ſhall have it in our next.

Veſſel had made much Water, which he imagined was by Reaſon of her not being pumped for ſome Time before; and that the next Day he was obliged to pump every Half Hour, having then good Weather; but on the 21ſt following, having a freſh Gale, he was obliged to keep one Pump conſtantly going, and on the 25th, having a very hard Gale, he was forced to lay to, and by the Violence of the Sea and Wind, loſt two Mainſails, and one Sea carried away his Boat and one of his Ruff-Trees, when he expected every Moment to founder, both Pumps being conſtantly at Work; and they getting choak'd with Coals, there was often three Feet Water in the Hold. On the 27th, he ſaw two Sail, and ſoon came up with one of them, which proved to be a Snow from South-Carolina, bound for Cowes, but ſhe having been in the ſaid Gale, and received conſiderable Damage therein, could give Captain Prince no Aſſiſtance. The 29th, in Lat. 35, 30, Lon. 59, 16, in a violent Gale of Wind, one of his Pumps being broke, and the other choaked with Coals, he cut away his Maſts and Bowſprit, in Order to make a Raft (his Boat being gone) if poſſible, to ſave his Life and that of his Crew; but on the 7th of February, at 6 P. M. he had the good Fortune to fall in with a Sloop from South Carolina, Ingham, Maſter, bound for Bermuda, who took him with all his People, (but one that died with the Fatigue) on board, and carried them ſafe to the ſaid Iſland. The Veſſel when Captain Prince left her, had 4 Feet Water in her Hold, and he imagined ſhe could not ſwim many Hours longer.
